### **SHOW AND TELL:**

Doyle McConnell displayed a peppermill made of maple and a bowl with spalted maple around middle.

Both finished with lacquer. They were made as gift for grandson's wedding.

Geoff Roehm brought 2 guitar necks and explained challenges of making on CNC.

Jim Accord displayed Bramble Farm which Bob Addington did the lettering on CNC. The brambles and rocks were done by artist Mark Hawley. Sign not finished.

Richard Gulley showed a rope making machine he made for a client. He also showed a small sign made on CNC and explained how he painted lettering. He also had 2 small praying hands done on CNC.

Ross Roepke brought a nice table made of mahogany with African mahogany top.

### **PROGRAM: Tom Gillard – Glue and Gluing Joints**

Tom started by telling that there are procedures to do it right but most of just do it. He went through the different times of glues, drying time and their uses. He explained the difference between water resistant and water proof glues. He displayed some joints he glued up and discussed gap filler glues. Tom reminded all that the job determines which glue to use. Tom took questions.

Meeting adjourned.
